## Profile of the University

Hazara University (HU) is one of the oldest universities in the north of Khyber Pakhtunkhwa province. The University strives to achieve academic excellence through continuous improvement of its research and teaching by providing faculty and students with an environment conducive for creation, dissemination and assimilation of knowledge. At HU, we place great emphasis on optimal usage of the available resources without compromising on quality. Our Academic programmes and activities are not only structured to address the socio-economic needs of the region but also have a modern orientation so that our graduates and faculty can compete internationally. Because of the excellent academic system, the university enjoys a good reputation in the academic circle at the region. Recently, the university was ranked very high by the international prestigious ranking systems, details are given below:

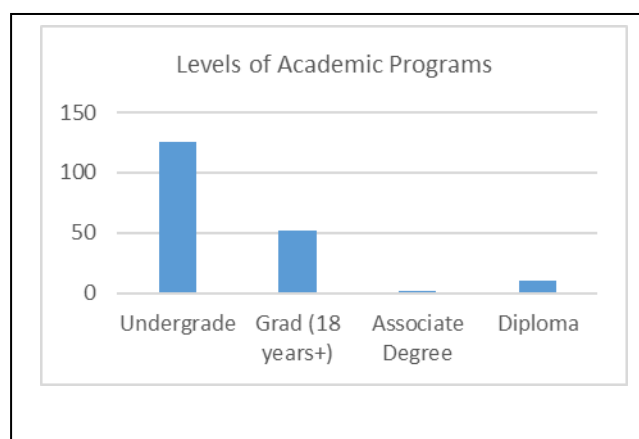

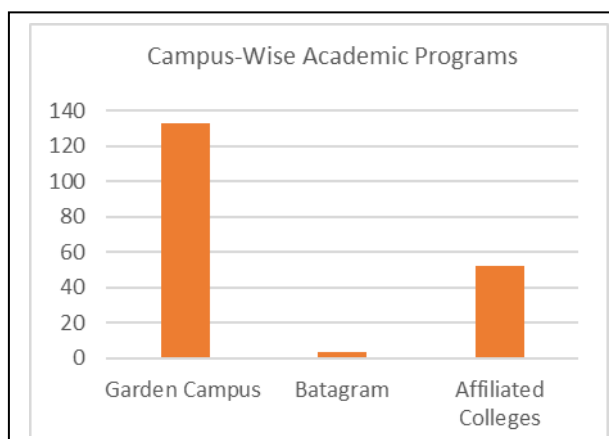

The university made outstanding performance during the last few years in terms of academics, research and other developments. The university launched several new market-oriented academic programmes and strengthen the existing programmes and other units. Some of the important information regarding the performances and statistics are shown below:

### Major Highlights

- Establishment of various teaching and Research Labs.
- Upgradation of teaching facilities
- A smart classroom project was initiated (to be reported in the next year report)
- Significant improvement in the intake in term of numbers and quality
- Strengthen all academic programmes those were launched during the last couple of years

- Centralized Research Lab (CRL) (reported in the last annual report) is now operational. The lab has processed more than 2000 samples for internal and external researcher on payment basis. New equipment such as FSEM - Scanning Electron Microscopy (SEM) will be added to lab soon.
- The University awarded five funded research projects from its own budget for the first time. More than 25 project proposals were submitted by the teaching staff where only five have been awarded funds.
- Rs. 140+ Millions received for various funded projects in last couple of years.
- Publication in high quality international journal such as Nature group, Science and others.
- **Other R&D initiatives:**
  - Joint Software House with a Software Industry
  - Joint venture to create Tourism Hub at Hazara University
  - Digitization of Historical sites is also part of the Tourism Hub.
  - Industrial Linkages with Sybrid Pvt Ltd. and Hattar Industrial Estate
  - Incubator Centre to encourage University graduates to launch their own business with the collaboration of other organizations.

## Faculty Population

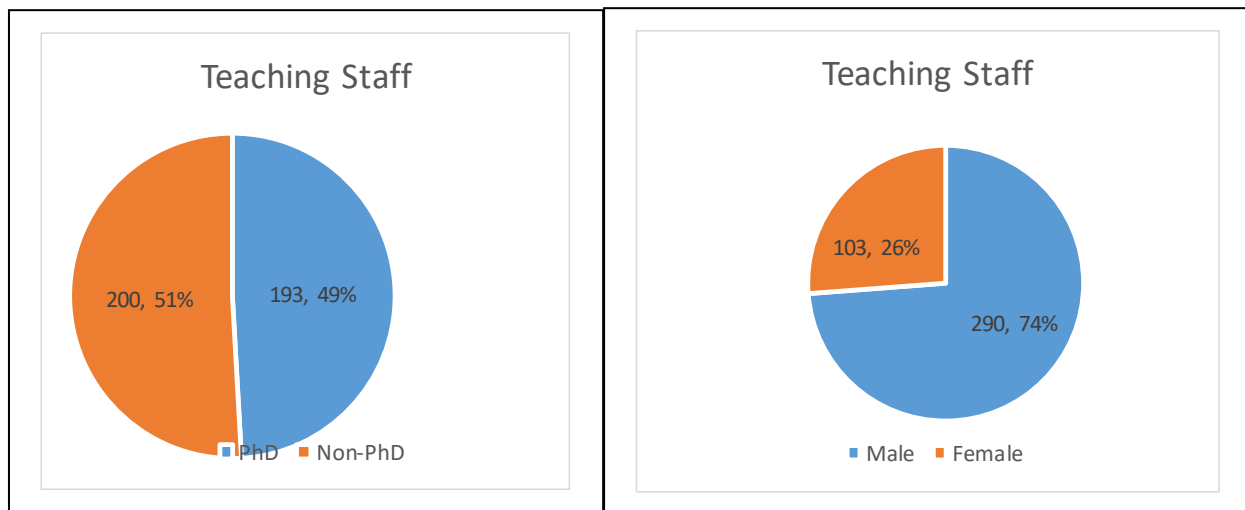

Currently, the total strength of teaching staff is more than 380 (including teaching assistants and other teaching support staff) who are working in different 36 disciplines. The table below show the statistics of the teaching staff in terms of their qualifications, designations and genders.

### Analysis of the faculty on qualification-basis

S. No.	Qualification (PhD and non-PhD)	Number
1.	PhD level Faculty Members	193
2.	Non-PhD level Faculty Members	200
<b>Total</b>		<b>393</b>

**Analysis of the faculty on Gender-basis**

S. No.	Gender	Number
1.	Male	290
2.	Female	103
<b>Total</b>		<b>393</b>

(a) PhD and Non PhD Level Faculty    (b) Male vs Female Faculty

**Vision of the University:**

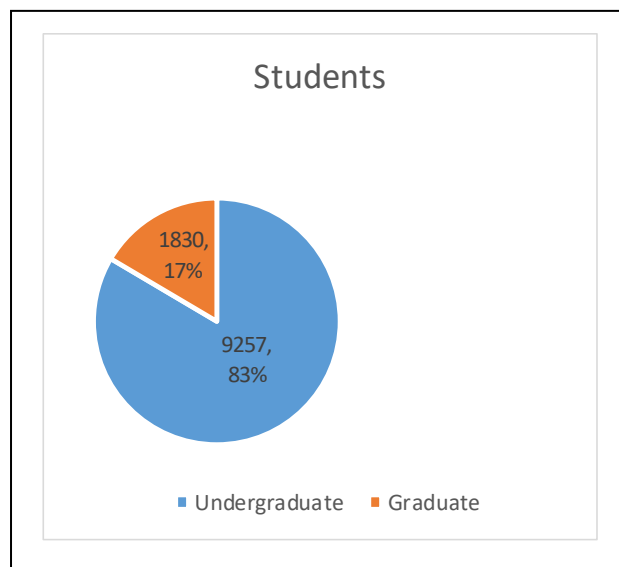

Hazara University intends to be a standard university providing affordable quality educational opportunities for students to develop scientific, socio-culture, economic and political leadership, through learner-centered teaching and research, while strengthening their identity at Regional, National and International level.

**Mission Statement:**

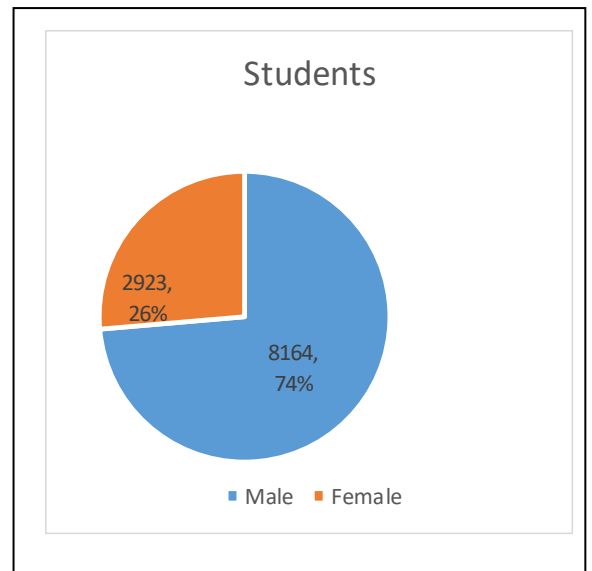

Hazara University strives to build-up a conducive academic and research environment by encouraging creative thinking to generate knowledge and stream of new ideas for reshaping the intellectual frame of our scholars. The curiosity of our researchers would be awakened to realize the realities of a fast-changing world around us and to keep them abreast with the earthshaking discoveries remarkably improving the quality of life with explosion of modern knowledge

## Student Population

As per the student population, the Hazara University is considered to be amongst the largest universities in the Khyber Pakhtunkhwa province.

(a) Undergrad vs Grad Students

(b) Male vs. Female Students

## Research & Development (R&D)

Research is one of the prime objectives of universities worldwide, so in Pakistan. However, many universities in Pakistan are facing serious challenges to conduct meaningful research especially a research which can be converted to a commercial product. Enlightened by the research vision of the Vice Chancellor, ORIC, Hazara University, in line with Pakistan's Vision 2025, intends to bridge the gap between Academia and Industry to play its part in achieving sustained, indigenous and inclusive growth. ORIC at the HU believes that there is a tremendous potential at the University to carry out quality research that can address the challenges faced by society, industries and the government. Currently, the university is executing more than 50 funded projects to tackle a variety of problems. In order to share the R&D activities with the public, the university also published a comprehensive booklet which contains details about each project with its commercial application. The booklet can be accessed through the official website of the university at [www.hu.edu.pk](http://www.hu.edu.pk).
